A member of The Lenox Garden Club Executive Committee or the Projects Review Committee may contact you for additional information, or to set up an interview.

If your project is awarded a grant, The Lenox Garden Club will require a written report on the project and how the funds were disbursed. You will be asked to give a final presentation to the Club's membership at one of its regular meetings. Suitable recognition of the Club's funding should be incorporated into the project. The grant should be included in the organization's annual report.

If the project is not completed on schedule, The Lenox Garden Club reserves the right to ask that the funds be returned.

The Lenox Garden Club will generally not undertake further commitment to a project once it is completed. Any further maintenance related to the project is the responsibility of the organization and not that of The Lenox Garden Club.
